RM hosted an intimate celebratory lunch at a studio for 25 guests with Classic Indian's **"Buffet-in-a-box"** catering!

" Food is love, taste, coordination for a big event, packaging and going that extra mile - Classic Indian ticked all the boxes for us when we decided to order Buffet style food for our engagement recently.

Right from the beginning, helping us in choosing the right option with the correct quantity, collaborating as true partners for the big day, packaging it right on point so that it isn't a messy affair to providing us with all the necessary tools to cater to people on the day - They got everything right!

This is the place I would go for any event which needs authentic Indian taste ! "

FL hosted an office catering for
50 colleagues with Classic Indian's
"Buffet-in-a-box" catering!

" I wanted to let you know how impressed we were with your service. Everything was ready when we got there and your team helped to carry it all to our car. Everything was labelled clearly so people with dietary restrictions knew what to eat. Many of my colleagues mentioned how delicious the food was, and we had enough leftovers to feed all the co-op students at lunch again the next day ... Your food also got the highest rating in our survey after the event.

Personally, I appreciated that we could arrange everything over email and online, and you were very organized with options.

You are definitely on our list of possible caterers for future events. Thank you! "

KP hosted a wedding celebrations for 40 guests at a family venue, with Classic Indian's **South Indian Special "Buffet-in-a-box"!**

CI team set-up buffet stations, so guests could begin lunch upon returning to the venue.

" We had asked Classic Indian to cater food for a party of 40 international guests at a location in Waterloo and chose a menu of about ten items covering appetizers to full course to dessert all of them suitable for vegans. They helped design a menu that suited our various criteria covering only South Indian breakfast type food, which was our choice.

We were happy to see the place set up on time, on food warmers, and with menu item names clearly placed. The food was of high quality, great taste and ample amounts.

The price was very affordable too!

We will call them again without any hesitation! "

JK hosted a **private party** for business community networking event at Classic Indian for 30 people!

" Classic Indian's new location (Wyman Road) provided the right mix of seating and standing area for our recent community networking event.

The Classic Indian team was courteous, professional & took the time to engage with our attendees. The variety of the appetizers & chutneys were well presented, easily accessible and delicious as always!

These were very well received by our attendees and even enticed some to purchase food for takeout at the end of our event. Very pleased with the event's success - Thanks again! "

SL hosted a family & friends gathering
at home for 15 guests with a
“**Buffet-in-a-box**” catering!

" We had a party at my home with 15 guests and the food was an absolute hit with everyone - hot, delicious, plentiful, and delivered right on time. My guests were raving about how tasty the dishes were and I loved that everyone was able to eat until they felt like they would burst, and I still got to keep leftovers for the next day.

The vegetarians at the party really enjoyed how most of the options catered to their needs, but the meat eaters also didn't feel left out. So many different dishes to choose from that it allowed me as the host to make sure all of the dietary needs of my guests were covered, and that those with a taste for spicy food also got spoiled with a dish or two.

The food was reasonably priced, the delivery was on time, and the finishing touches (name tags for the different dishes, boxed delivery so food stayed hot, etc.) made it very easy for me as the host. I simply had to email in my order, get the confirmation email, and then relax. Took about 5 minutes of my time start to finish.

Next time I host a function at my house, I will definitely be going back to Classic Indian."

KD regularly hosts lunches for colleagues and gets **Classic Indian's personalized lunches** to cater for the entire team!

" I came across Classic Indian catering thanks to an Instagram profile called plantifulKW.

The entire process, from menu selection to payment, and the guest service during delivery, was impeccably smooth.

Both the quality and quantity of food were outstanding, and the value for money is truly commendable. The overall guest experience left a very positive impression.

One particular aspect that truly stands out is the generous portion sizes in their lunch option. The inclusion of cabbage and peas, chenna, and rice in the lunch box adds a distinct touch.

We are extremely pleased with the professional service that Classic Indian provides."
